Colors with asterisks (*) may not be combined with each other as body and trim choices.

"White" may be used in any scheme as Trim. Garage Door MUST match ONLY Body or Trim color.

See the following page for front door and accent colors. Accents may also be painted to match the body or trim color. Accents are defined as:

Shutters and small decorative designs stamped into the stucco. (Ex. Squares, octagons, half circles, trapezoids, etc., usually located just below the peak of the roof, or above the garage door or front entryway.)
